Mandurah Surf Life Saving Club Relocation and Expansion

The Mandurah Surf Life Saving Club is an important institution in the Peel region.

They help keep our beaches safe and make our community stronger.

But since the opening of its clubhouse in 2012, the MHSLSC has almost tripled in membership.

They are at capacity. Particularly the nippers program, which teaches kids how to be safe in the surf.

But there is a solution.

The Club has plans to relocate to a new site just up the road in Madora Bay, and build a new clubhouse.

I'm working alongside them to help make that happen.

But we need your help.

Scan the QR code below or visit www.andrewhastie.com.au/mhslsc to add your voice for a bigger, better Mandurah Surf Life Saving Club.

Best,
